About Us

ZG Zeregarber Group is a diversified African enterprise, headquartered in Uganda, dedicated to empowering the continent through impactful investments across five critical sectors: Real Estate, Hardware, Logistics, Manufacturing, and Hospitality. We are committed to innovation, sustainability, and delivering world-class standards tailored to the African market.

The CEO's Message

At ZG Zeregarber Group, our mission is bold and unwavering — to lead Africa's transformation through innovation, quality, and sustainable growth. Each of our divisions is strategically crafted to meet critical market needs, create lasting value, and empower communities.

We are not just building structures and supply chains — we are building legacies. As we expand across sectors and borders, we remain committed to excellence, integrity, and a pan-African vision that uplifts every partner and stakeholder we serve.

Meron Zeregabab—Group CEO

Our Leadership

Our leadership team is composed of seasoned professionals with decades of experience across real estate, supply chain, infrastructure development, manufacturing, and international business. Guided by innovation, data, and strategic foresight, they drive the vision of ZG Zeregarber forward with energy and expertise.

Vision & Mission

Vision

To be Africa's most trusted and innovative group enterprise, creating impact through real estate, hardware, logistics, manufacturing, and hospitality that uplift economies and transform lives.

Mission

- To deliver world-class real estate, infrastructure, and industrial solutions tailored to African markets
- To uphold excellence, sustainability, and reliability across all operations.
- To empower people and industries through job creation, partnerships, and cutting-edge products.

OUR DIVISIONS

ZG Real Estate

Website: www.zgzeregaberrealestate.com

Transforming skylines and communities across Uganda with sophisticated residential and commercial developments designed for the future.

Key Projects:

- Zara Garden Villas – Secure, serene family living in gated luxury estates.
- ZG Town House – A collection of stylish homes for growing families.
- ZG Commercial Building – Premium office and retail complexes in prime business districts.

ZG Hardware

Website: www.zeregabercompany.com
Supplying construction professionals and industries with durable tools, power equipment, safety gear, fasteners, electricals, plumbing solutions, and general hardware essentials. Our inventory supports contractors, developers, and manufacturers alike.

ZG Logistics

From supply chain optimization to last-mile delivery, ZG Logistics offers scalable and efficient logistics solutions; tailored for East Africa. We specialize in freight forwarding, inventory management, customs handling, and distribution services.

ZG Manufacturing

Local manufacturing with global impact. We produce high-quality goods using advanced machinery and sustainable methods, supporting Uganda's industrial growth while serving the wider regional market and the global value chain.

ZG Hospitality

Website: www.zaragardenhotel.com |
www.zaragardenresidence.com

Providing exceptional hospitality experiences that blend African charm with global luxury standards.

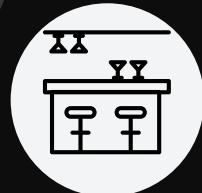

Hospitality Projects:

- Zara Garden Hotel – A luxury hotel experience that redefines comfort and hospitality in Kampala.
- Zara Garden Residence – Exclusive residential apartments combining elegance and urban convenience.

Our Values

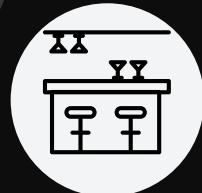

- Excellence – World-class quality in every output.
- Innovation– Future-focused solutions.
- Integrity – Transparent, ethical, and responsible operations.
- Sustainability – Long-term impact for people and planet.
- Partnership – Building strong networks for mutual growth.

Our Impact

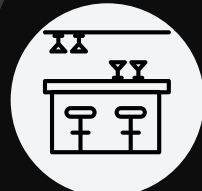

- Over 1,500 jobs created across Uganda.
- Export-ready products from our manufacturing division.
- Supply chain support to more than 1,000 contractors.
- Real estate developments that redefine urban life.

Our Legacy

ZG Zeregarber Group proudly serves a wide network of clients and partners, including:

- Real Estate Clients: Residential buyers, luxury travelers, commercial developers, hospitality investors
- Hardware Customers: Contractors, construction firms, wholesalers, and civil engineers across Uganda and East Africa
- Logistics Clients: Import/export companies, distribution firms, FMCG businesses, manufacturing entities
- Manufacturing Buyers: Local distributors, export merchants, government supply chain partners
- Strategic Collaborations: We collaborate with architects, urban planners, logistics consultants, raw material suppliers, government agencies, and global procurement networks to deliver unparalleled value.
